From our mini-theater to the big stage...

Pilot transformed execution in 800+ travel centers.
L'Oréal is scaling store-level decisions with AI.

See them in two
Big Ideas sessions.
Details on back.

Modernizing frontline work

Pilot's journey to connect people,
and drive operational excellence

FEATURING

Pilot®

Jorge Valdes
SVP of Operations,
Pilot

David Dawson
VP of Retail & Digital
Technology, Pilot

From paper checklists to real-time execution at scale. Pilot leaders share how they aligned teams across 800+ travel centers with connected digital workflows built for a distributed workforce.

Sunday, January 11, 2026 4:00 - 4:30pm
Exhibitor Big Ideas Stage 3

From Insight to Action:

How AI Is Rewriting
Retail Execution

FEATURING

L'ORÉAL

Gabriel Bertoli
Chief Digital
Transformation
Officer, L'Oréal

Fabrice Haiat
CEO & Founder,
YOOBIC

AI is reshaping how work gets done to how decisions are made on the store floor. In this session, we'll explore what it means to have an intelligent agent supporting every frontline role.

L'Oréal will show how AI is being applied across the business — from product development and manufacturing to stores and e-commerce — and how AI initiatives are evaluated and scaled. And you'll get an exclusive live demo of YOOBIC's Store Manager Copilot, grounded in a Hugo Boss case study.

Tuesday, January 13, 2026 11:30 am-12:30 pm
Exhibitor Big Ideas Stage 2
